120x180cm

**THE PURE ESSENCE OF
LARGE-FORMAT**

ART X INNOVATION

More than a visual element, the arch is a powerful architectural expression one that encapsulates AXI's core design philosophy. It represents the harmony between form and function, where aesthetics are never superficial but always structural.

At AXI, every tile is placed with intention. The layout flows with purpose, balancing symmetry, proportion, and spatial rhythm. The geometry isn't ornamental it's intelligent. It guides the eye, defines transitions, and shapes the atmosphere of a space.

Surfaces that tell stories

Surfaces that tell stories are shaped by more than appearance—they carry texture, depth, and intent. Inspired by natural stone and refined through advanced surface engineering, each design is developed to respond to light, space, and touch with quiet sophistication.

From raw mineral expressions to refined contemporary finishes, every surface becomes part of the architectural narrative. Not decorative, but purposeful—crafted to complement environments where design is felt as much as it is seen.

Touch the depth, Sense the form.

Touch reveals the character of each surface **Hydro, Quadro, and Glisero** where depth, texture, and form respond directly to the hand. Each treatment offers a distinct tactile experience, allowing marble to be understood through interaction as much as through sight.

TOUCH

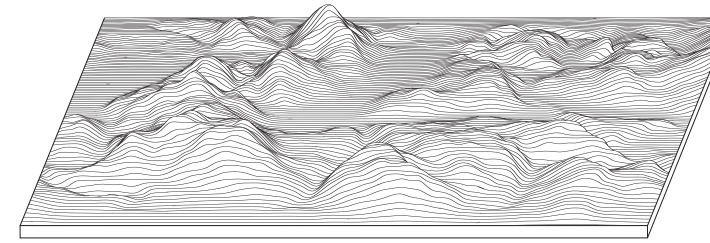

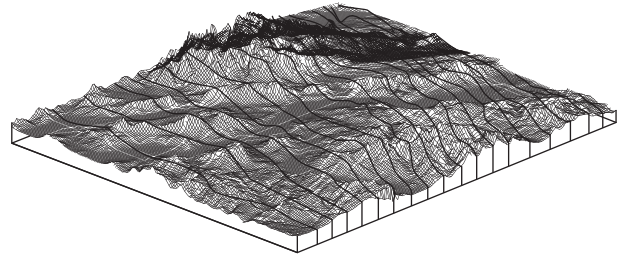

HYDRo
SURFACE

Hydro combines ShapeTech structuring with Matt Glue technology to create flowing, dimensional textures with a smooth matte finish. It brings depth, movement, and refined tactile expression to architectural surfaces.

**Flowing surface structure.
Measured depth and matte clarity.**

Defined lines, Structured surface depth.

STRUCTURO

Quadro uses ShapeTech precision to create structured relief with clean geometric depth. Its controlled lines and tactile movement bring clarity, order, and architectural sophistication to contemporary spaces.

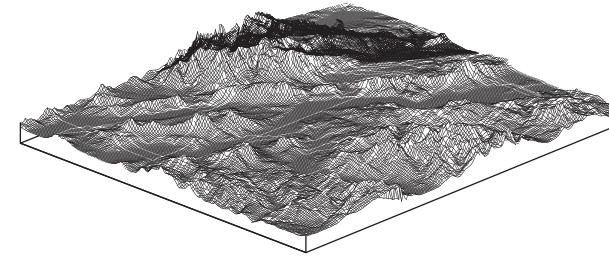

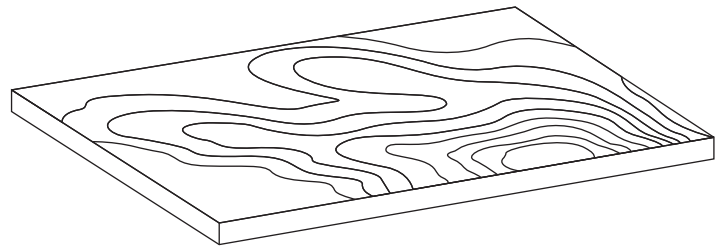

QUADRO
SLURFACE

Quadro uses ShapeTech precision to create layered linear relief with controlled depth and rhythmic contours. Its structured texture brings subtle movement, balance, and architectural clarity to every surface.

Defined lines, Structured surface depth.

Patterns Shaped With Perfect Clarity.

GLISERO[®]
SURFACE

Glisero creates a mosaic inspired surface through precise detailing, adding raised shine and clear definition to the printed design while giving the tile a handcrafted artistic feel without using separate chips or cut pieces.

Experience marble that feels
restrained, elegant, and
naturally refined.

FEEL

Feel is shaped by how marble responds to contact through the refined finishes of **Lisaro**, **Lucentro**, and **Clayro**. Each surface treatment defines a distinct tactile quality, balancing texture, depth, and smoothness while preserving the natural character of stone.

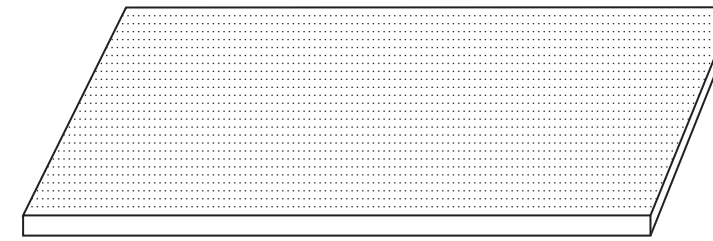

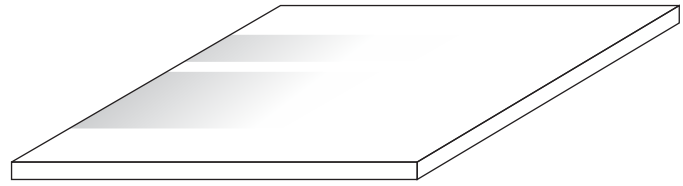

LISARO
SURFACE

Lisero offers a smooth matt surface with a soft, feather light touch, bringing a refined comfort to every space while its controlled finish enhances the natural design with lasting strength, easy elegance, and a modern architectural feel.

Feather-Light Feel, Enduring Surface.

Radiance in Every Reflection, Luxury in Every Detail.

LUCENTRO
SURFACE

Lucentro combines advanced glaze technology with Wet Granula effects to create mirror-like gloss, radiant clarity, and refined depth. A luminous surface designed to reflect light and elevate luxury interiors.

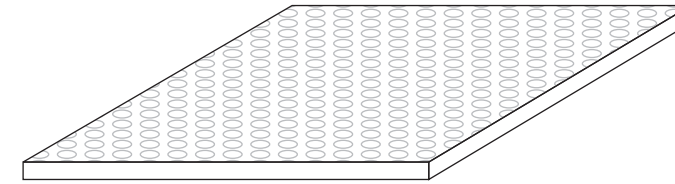

CLAYRO^o
SURFACE

Clayro captures the raw ceramic matt feel with advanced glaze and a refined matte finish. Its muted mineral texture creates a grounded, timeless surface with natural simplicity and lasting versatility.

**Born from Nature,
Finished in Matte Elegance.**

**Where Nature Flows, Emotions Follow,
Surfaces That Feel as Natural as They Look.**

EMOTION

Inspired by the quiet rhythm of nature, Emotion brings the fluid beauty of natural stone into contemporary spaces. Its flowing veins and earthy tones create a sense of harmony, turning walls into expressive landscapes. Designed to evoke warmth, balance, and connection, Emotion transforms interiors into places where nature and design meet effortlessly.

Luxury shaped by architecture, designed for refined spaces.

This space reflects a balance of precision and elegance. Large-format surfaces rise seamlessly, allowing light, proportion, and continuity to define the atmosphere. Every element feels composed and intentional, creating an environment where luxury is experienced through clarity, scale, and architectural confidence rather than ornament.

An excellence-driven brand for the most innovative ceramic surfaces.

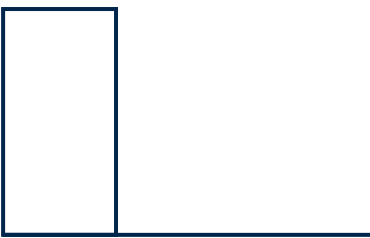

A wide range of large-format porcelain stoneware tiles is available in diverse colours, finishes, and material effects to meet any design requirement. These slabs combine refined aesthetics with lightness and advanced technical performance, making them the ideal choice for both residential and commercial spaces. Design your world with AXI.

nature's essence, perfected by technology.

Quality you can trust, seen in every detail, felt across the surface.

Quality begins long before the surface reaches the space. Every stage is defined by precision, consistency, and control—resulting in surfaces that feel balanced, reliable, and enduring. The finish remains steady, the patterns remain true, and the scale holds its integrity. This is quality that doesn't ask for attention; it proves itself over time.

Every surface reflects careful control and consistency at every stage. The finish remains stable, the patterns stay true, and the scale holds its integrity. Quality is felt in the balance, reliability, and confidence it brings to the space.

Design without limits

oversize opens the way to new architectural horizons with revolutionary application potentials. large size and light weight, combined with the outstanding performance of leading-edge porcelain stoneware. make thin large slabs extremely versatile. ideal for floors, internal walls, facades, furnishings and worktops. oversize redefines the identity of ceramic coverings. transforming them into a surface able to overcome this material's traditional applicational limitations

infinity versatility

residential

external facades

office

high impact resistant

Reduces the risk of cracks or breaks during installation, ensuring exceptional durability even under stress.

waterproof

Ideal for areas with frequent exposure to water, offering unmatched protection.

stain resistant

The non-porous surface effectively resists stains, keeping a pristine look intact over time.

sustainability leader

Boasts a 70% lower carbon footprint compared to traditional stone materials, is 99% recyclable, and produced without VOC emissions.

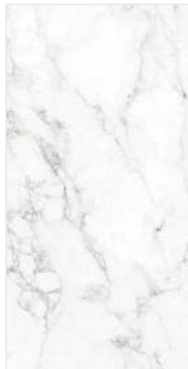

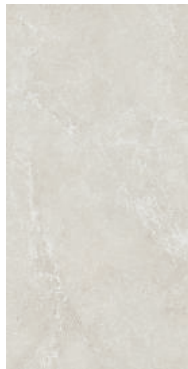

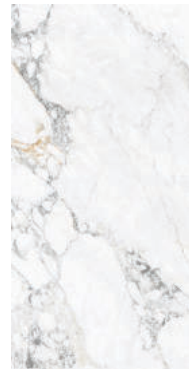

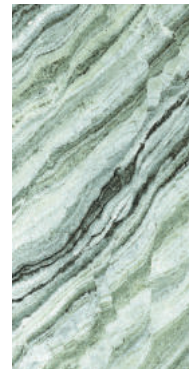

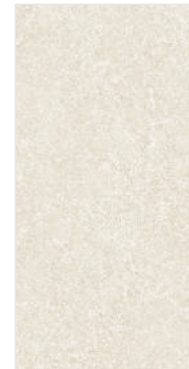

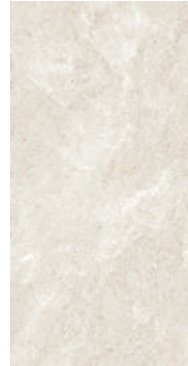

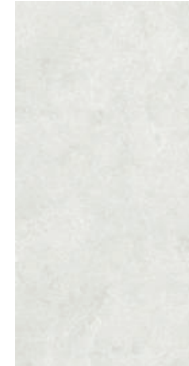

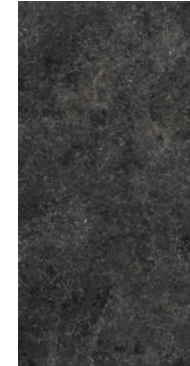

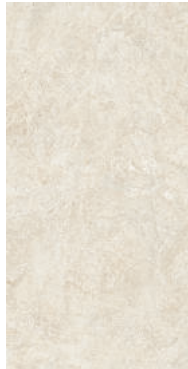

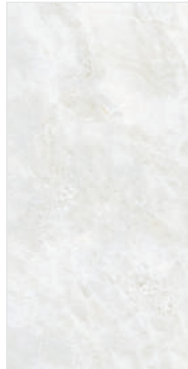

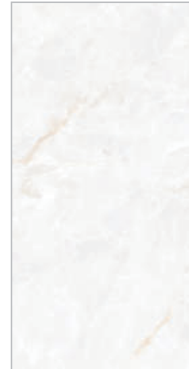

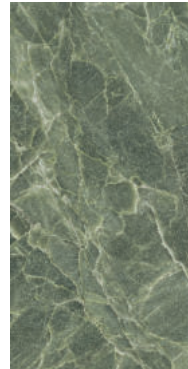

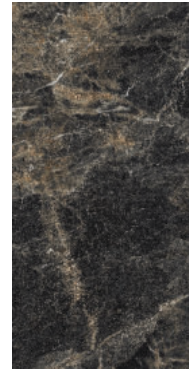

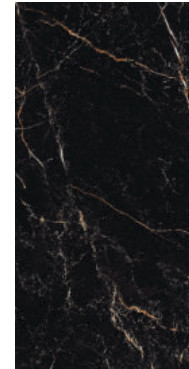

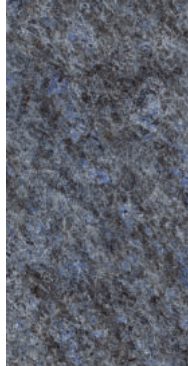

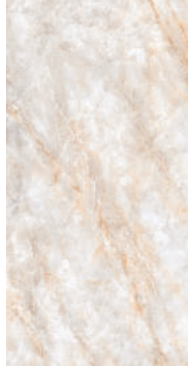

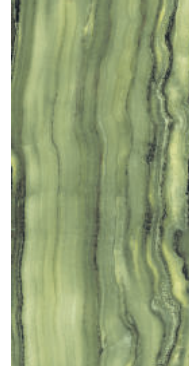

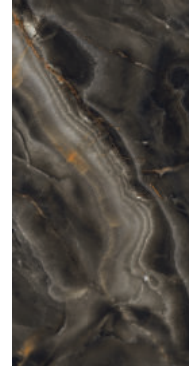

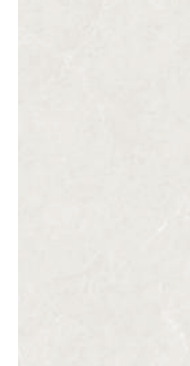

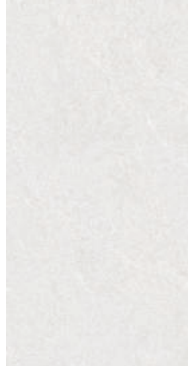

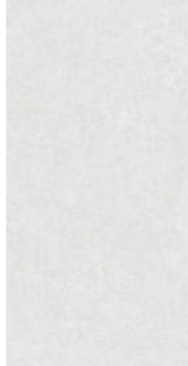

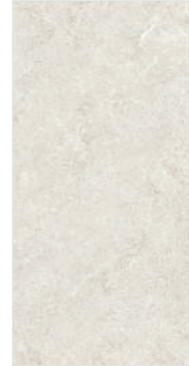

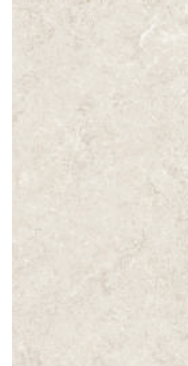

Hygienic & Easy to maintain

The non-porous design prevents stains and enables quick, effortless cleaning, ensuring a hygienic surface.

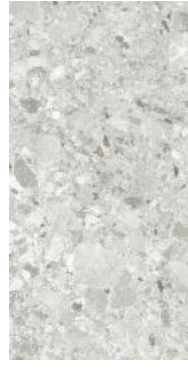

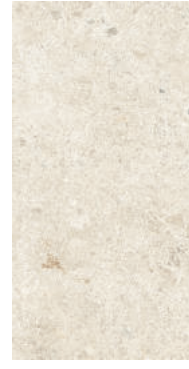

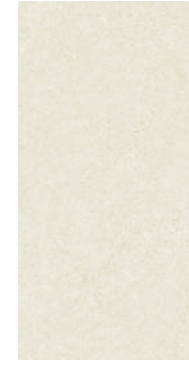

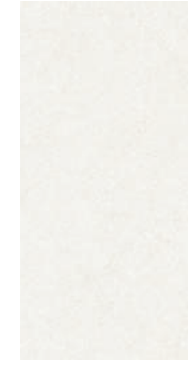

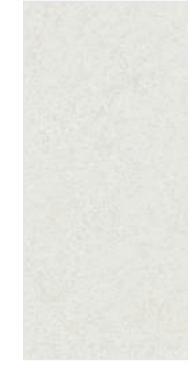

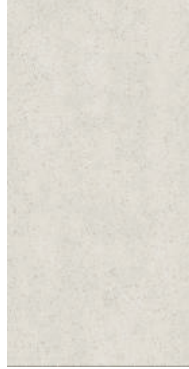

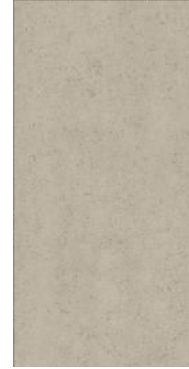

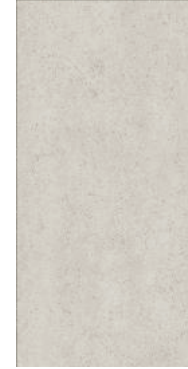

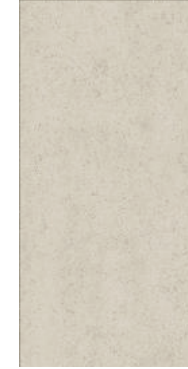

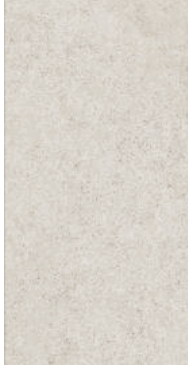

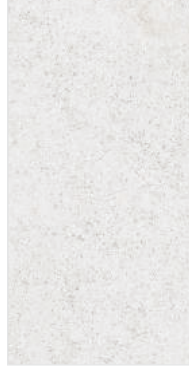

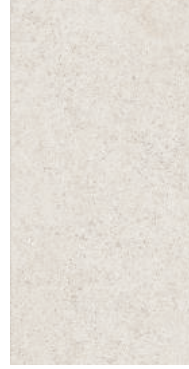

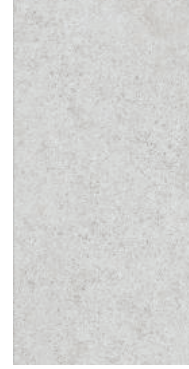

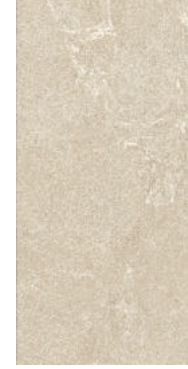

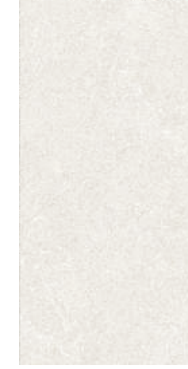

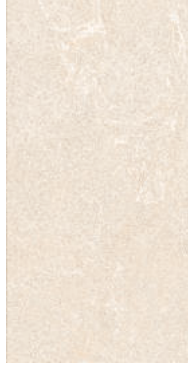

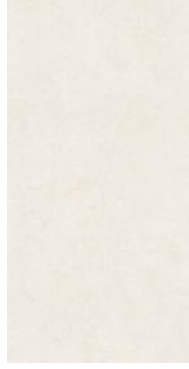

lightweight & durable

Thin slabs use 70% fewer raw materials than engineered stone, making them easier to transport, handle, and install without compromising strength or quality.

Rojo Pearl

Trofeo Alabaster

Inspiration Source :

Trofeo Alabaster is inspired by fine European alabaster and soft limestone marbles, traditionally used in classical interiors for their gentle translucence.

Trofeo Alabaster has Pale ivory to light beige base with a smooth, powdery stone appearance and subtle depth. Fine white and soft cream veining, lightly diffused with occasional mineral specks, creating a calm, uniform surface with understated movement.

Trofeo Beige

Patagonia Hydro

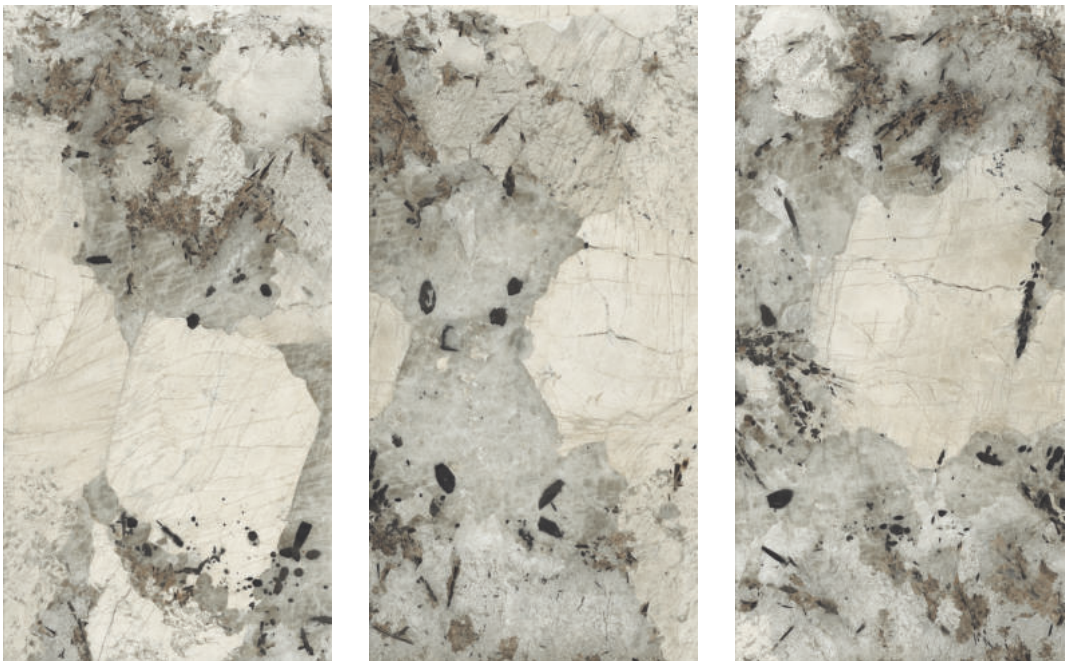

Inspiration Source :

Inspired by the dramatic quartzite formations of South America, created through intense geological pressure and mineral crystallization over millions of years. Its composition of translucent stone, earthy veining reflects the raw, expressive character of natural Patagonia slabs.

Patagonia interprets that complexity through contrasting Bent and dark fragments, crystalline textures, and organic movement, delivering a powerful stone statement grounded in geologia authenticity.

Camouflage Evoke Hydro

Inspiration Source :

Inspired by layered sedimentary stone shaped through natural compression and mineral fusion over time. Its warm beige base is interwoven with irregular fragments and soft tonal shifts, reflecting the organic depth and complexity found in quarried rock formations.

Camouflage Evoke interprets that character through overlapping stone patterns and subtle movement, creating a composed yet expressive aesthetic rooted in natural geological structure.

Feel

Series

Beige | Crema | Grey | Grigio

Inspiration Source :

Inspired by European limestone shaped over centuries through mineral deposition, gradual sedimentation, and natural compression. The surface reflects quiet movement, subtle layering, and restrained veining found in authentic quarried stone.

Feel interprets natural character across **Beige, Crema, Grey, and Grigio** through balanced tones and soft structural texture. Each shade maintains a calm, minimal expression while subtly shifting in warmth and depth. Together, they create a refined, contemporary surface language grounded in stone realism.

Front & Left Wall : **Feel Beige Quadro** | Right Wall : **Feel Beige Structuro** | Floor : **Feel Beige Clayro**

Feel Beige Quadro

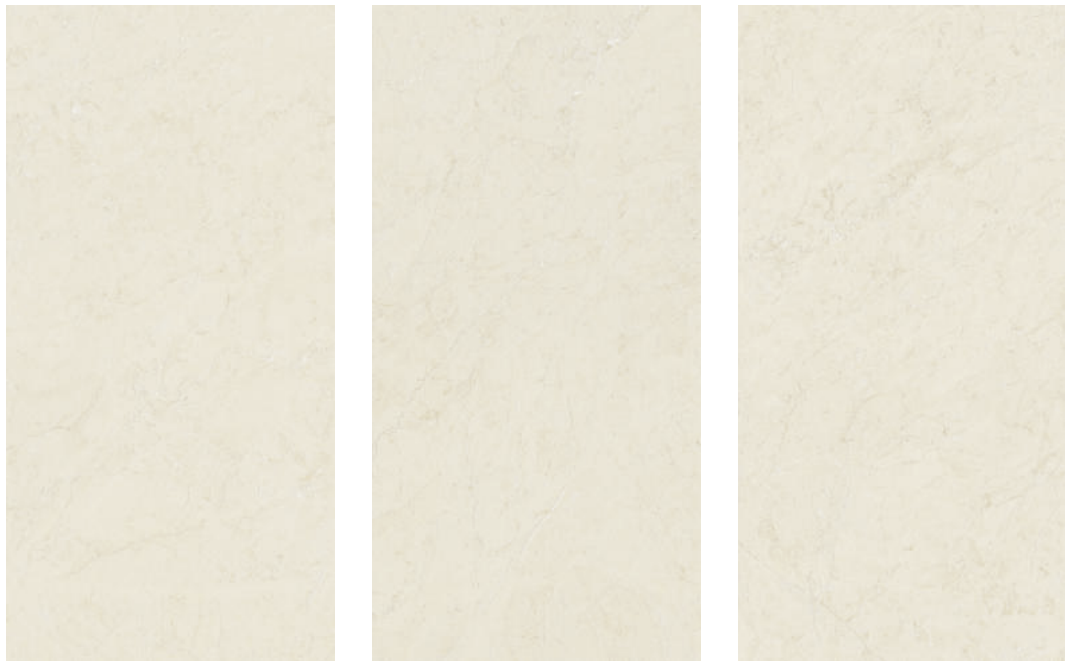

Inspiration Source :

Inspired by natural sedimentary limestone shaped over centuries through mineral deposition and gentle compression. Its warm beige base and fine veining reflect the quiet depth found in quarried European stone.

Feel Beige interprets that character through a balanced beige tone and soft structural detailing, maintaining a refined, natural expression with understated texture.

iv	Rectengularity	±0.1%	± 0.3% OR ± 1.5 mm	± 0.5% OR ± 2.0 mm	<± 0.1%	
v	Surface Flatness					
a	Center Curvature (%)	± 0.5%	± 0.4% OR ± 1.8 mm	± 0.5 % OR ± 2.0 mm	<± 0.5 %	
b	Edge Curvature (%)	± 0.5%	± 0.4% OR ± 1.8 mm	± 0.5 % OR ± 2.0 mm	<± 0.5 %	
c	Corner Warpage (%)	± 0.5%	± 0.4% OR ± 1.8 mm	± 0.5 % OR ± 2.0 mm	<± 0.5 %	
vi	Surface Quality	Min. 95 % of tiles will be free from visible defects	Min. 95 % of tiles will be free from visible defects	Min. 95 % of tiles will be free from visible defects	Min. 95 % of tiles will be free from visible defects	

B – PHYSICAL PROPERTIES						
i	Water Absorption	<0.08% Ind Max 0.1%	<0.5% Ind Max 0.6%	<0.5% Ind Max 0.6%	<0.08% Ind Max 0.1%	ISO 10545-3 IS 13630 (Part 2)
ii	Modulus Of Rupture [n/mm2]	Av 35, Individual 32 min	Av 35, Individual 32 min	Av 35, Individual 32 min	>35	ISO 10545-4 IS 13630 (Part 6)
iii	Breaking Strength In N	700 for < 7.5mm thickness 1300 for ≥ 7.5mm thickness	700 for < 7.5mm thickness 1300 for ≥ 7.5mm thickness	700 for < 7.5mm thickness 1300 for ≥ 7.5mm thickness	>1300	
iv	Moisture Expansion In Mm/m	0.02	0.06% /0.6mm/m	0.06% /0.6mm/m	≤0.02	ISO 10545-10 IS 13630 (Part 3)
v	Resistance To Abrasion Of Glazed Tiles (Class I To V)	Minimum Class II	Depending on surface (As reported)	Depending on surface (As reported)	Min Class-II	ISO 10545-7 IS 13630 (Part 11)
	Resistance To Deep Abrasion Of Unglazed Tiles (volume Removed In Mm³)	Not Applicable	Not Applicable	Not Applicable	Not Applicable	ISO 10545-6 IS 13630 (Part 12)
vi	Coefficient Of Linear Thermal Expansion From Embiant Temperature To 100° C	6 X 10 ⁻⁶ K ⁻¹	9 X 10 ⁻⁶ K ⁻¹ max	9 X 10 ⁻⁶ K ⁻¹ max	6 X 10 ⁻⁶ K ⁻¹	ISO 10545-8 IS 13630 (Part 4)
vii	Thermal Shock Resistance	10 Cycle Passed	10 cycle min	10 cycle min	10 cycle Passed	ISO 10545-9 IS 13630 (Part 5)
viii	Crazing Resistance	4 cycle	2 Cycle (@ 5 bar)	2 Cycle (@ 5 bar)	4 cycle passed	ISO 10545-11 IS 13630 (Part 9)
ix	Frost Resistance	100 Cycle	Required	Required	Passed	ISO 10545-12 IS 13630 (Part-10)
x	Impact Resistance	0.55	0.55	0.55	>0.55	ISO 10545-5 IS 13630 (Part 14)
xi	Bulk Density	2.2		Not A requirement	≥2.2	ISO 10545-3 IS 13630 (Part 2)

C – CHEMICAL PROPERTIES						
i	Stain Resistance	Min Class I	Min Class 3	Min Class 3	Min Class I	ISO 10545-14 IS 13630 (Part 8)
ii	Resistance To Household Chemicals	Class AA	Min Class B	Min Class B	Class AA	ISO 10545-13 IS 13630 (Part 8)
iii	Resistance To Acid And Alkalies	Class A	Decleared Value	Decleared Value	Class A	ISO 10545-13 IS 13630 (Part 8)

PACKING DETAILS

SIZE	PIECES / BOX	COVERAGE AREA / BOX		WEIGHT / BOX
120x240cm	1	31.00 sq.ft.	2.88 sq.meter	60 Kg (approx)
120x180cm	2	46.50 sq.ft.	4.32 sq.meter	90 Kg (approx)

Note: Color shown in catalog may vary with the original tile. Slight shade & size variation is an inherent property of Ceramic / Vitrified tiles.
Resistance To Abrasion of Glazed Tiles (Class I To V): For Normal Glossy Class III, High Glossy Class II/Class III, Matt Class III/Class IV.

SUNHEARRT CERAMIX PRIVATE LIMITED

(Formerly Known as Sunshine Tiles Company Pvt. Ltd.)

101-103, First Floor, Titanium One, Near Pakwan Cross Roads, S. G. Highway, Ahmedabad - 380 054. Gujarat, INDIA
T. +91-79-29704833, +91-79-61554444 | E. info@sunheartrt.com

COMPANY EXPERIENCE CENTRE

"Sunheartrt Ceramix" Unit-1, S.No. 150 & 160/P1,
8-A-National Highway, At. Dhuva, Tal, Wankaner,
Dist. Morbi - 363621 (Gujarat)

MUMBAI OFFICE

301/A, 3rd Floor, Sri Krishna, Opp. Laxmi Industrial Estate,
New Link Road, Andheri (W) Mumbai - 400053 (Maharashtra)
T. +91-99099 80498 | E. showroom1.mh@sunheartrt.com

DELHI OFFICE

D-1, Mansarovar Garden, New Delhi-110015
T. +91-95120 00324
E. showroom1.dl@sunheartrt.com

BENGALURU OFFICE

150 Rashtriya Vidyalay Road, Nr. Minerva Circle,
Vishweshwarapura, Mavalli, Bangalore - 560004 (Karnataka)
T. +91-95120 00270 | E. showroom1.ka@sunheartrt.com

CHENNAI OFFICE

"Megh Towers" Old No. 307, New No. 165,
Poonamallee High Road, Maduravoyal, Chennai - 600095 (Tamilnadu)
T. +91-70944 39491 | E. showroom2.tn@sunheartrt.com

COCHIN OFFICE

Jacob's Building, 1st Floor, Nh Bye Pass-66,
Geethanjali Bus Stop, Vyttila, Kerla-682024
T. +91-99099 88625 | E. showroom1.kl@sunheartrt.com
